The “SIR NOFACE LIVES TOUR,” hosted by **Award-Winning Documentary Filmmaker and World-Renowned Paranormal Investigator Chad Calek**, along with follow filmmaking and paranormal investigation partner **Justin Holstein**, offers the unique opportunity to be amongst the first to see Calek’s mind-blowing “SIR NOFACE” documentary, which chronicles the Australian Government

sanctioned paranormal investigation that led to the filming of a full-body apparition that definitively proves the existence of ghosts!

The “SIR NOFACE LIVES TOUR” also includes a “best of” evidence presentation featuring 25 years of Calek and Holstein’s most compelling evidence, Q&A’s, and a special 2-hour VIP meet and greet and dinner with the hosts.

“Make no mistake about it, the ‘SIR NOFACE’ footage definitely proves the existence of ghosts. If this sounds like something you have to see to believe... I agree. You have to see SIR NOFACE.” – Award Winning Director Chad Calek

Known for his unique visual story-telling style and his poetic narration, Calek is most-known for as the on-screen focus and director, producer and editor of his autobiographical “AMERICAN GHOSTHUNTER” documentary, which chronicled the Calek family’s 20-year battle with the paranormal, including Calek’s attempt to determine if his own mother’s alleged “possession” issues were authentic or merely a case of mistake mental illness. Released nationally in 2015 by Gravitass Ventures, “AMERICAN GHOST HUNTER” became the only independent paranormal documentary to ever claim the #1 chart position as the most-watched movie in America on HULU, in which “AMERICAN GHOST HUNTER” is currently the #3 most-watched paranormal film of all-time on HULU.

Calek burst onto the national scene in 2009 as the outspoken and often censored co-star and director of what would ultimately become a five-season run of A&E’s hit reality series “PARANORMAL STATE,” which Calek’s on-screen popularity led to A&E producing the only spin-off special of the series, titled “THE GHOST PROPHECIES”, which documented Calek’s unique life as the only known award-winning professional filmmaker that also doubles as professional paranormal investigator. Not only did Calek serve as the executive producer, director, writer, editor, post-supervisor and on-screen focus on THE GHOST PROPHECIES, but best friend, fellow filmmaker and paranormal investigation partner Justin Holstein also co-starred and produced the special, which drew an impressive 1.6 million viewers, making “THE GHOST PROPHECIES” the highest-rated spin-off special of 2010.

In addition to the SIR NOFACE LIVES TOUR giving attendees a chance to see SIR NOFACE, 2017 will also see the release of Calek’s “A BLOOD RED SKY” documentary, as well as the Verizon GO90 platform release of the “GHOSTED” series, produced by Eli Roth’s Crypt TV and Hearst Digital Media, which Calek serves as the Executive Producer and on-screen co-star.

As a paranormal investigator, Calek has spent over 25 years investigating the world's most haunted locations, often completely alone, in search for answers to the bizarre, the mysterious and the unexplained. Although known for capturing some of the most compelling evidence in the history of the paranormal field, Calek has also developed a reputation as a staunch "debunker" who has discovered rational explanations to many of the world's most famous paranormal legends.
